What is the Winterville Commemorative Tree Program ?

- An initiative intended to enhance the City of Winterville’s public places.
- A donor driven program in which participants support the planting of trees to commemorate people, places or events.
- A program recognizing donors with an acknowledgement in the Tree Legacy Book at the Winterville Library.
- A program that supports the Winterville Tree Canopy Conservation Ordinance goal of 55% tree canopy distributed across the city.
- An initiative that contributes to the future of Winterville as a walkable “screen door community” as envisioned through community input in the UGA led 2017 Design Charrette.
- A program to help fund public tree planting beyond what might otherwise be possible.

Benefits of Commemorative Trees:

- Provide opportunity to improve the natural environment.
- Support the character of the community’s history and heritage.
- Provide homes for native and migratory birds and wildlife.
- Create legacy associated with peoples lives and community places and events.
- Stabilize soils , improve water quality and reduce storm water runoff.
- Improve air quality and lower surface temperatures.
